

All Your Pet and Animal Information in One Place

With a PetScreening Profile, all of your pet or animal information is at your fingertips in an easy to access digital space — Always there when you need it.

What to include in a PetScreening Profile

- Pet / Animal Name and Birthday
- Photos and Physical Description
- Behavioral Characteristics
- Vaccination Records
- Veterinarian Details
- Microchip Status
- Pet Insurance
- Healthcare Provider Documentation and Contact Information (If you are creating an Assistance Animal Profile)

How to get started

To start your PetScreening profile, visit the landing page link for your property. This step ensures that the property will be notified when your profile is complete.

Profile Benefits

- ✓ 12-month access to a digital PetScreening profile. Share active profiles with property managers, groomers, pet daycares, pet sitters, hotels, HOAs, campgrounds, veterinarians, and other pet-friendly service providers.
- ✓ Friendly reminders about expiring animal vaccination records.
- ✓ Exclusive discounts and promotional offers on pet and housing-related products & services.
- ✓ Emergency preparedness through easy mobile access to all of the details included in your profile.
- ✓ Free access to FidoTabby Alert - the lost pet finder. If your pet goes missing, initiate a lost pet text alert to your nearby network and be alerted when your pet is found.
